

LIFE YOU NEVER HAD

Unfortunately I never had
The chance to meet you
I actually don't know you
But still I miss you

**And the only thing i can do is tell you
How beautiful this life is
That you never had**

Sometimes I feel angry
Cause they took you away from me
Sometimes I feel lonely
Cause you should be a part of me

**And the only thing i can do is tell you
How beautiful this life is
That you never had
Never had
That you never had**

They really didn't want you
They said it wasn't possible
But I promise to always love you
I would have needed you

**And the only thing I can do is tell you
How beautiful this life is
That you never had
Never had
That you never had (2x)**

And you will never have

(interlude)

**And the only thing I can do is tell you
How beautiful this life is
That you never had
Never had
That you never had (4x)**

And you will never have

ASLEEP

You are my dreams, you are my dreams
When I wake up I won't remember our kisses
But I will feel them
Oh I will feel them

You've always been, you've always been
In a corner, somewhere deep in my mind
But I can't find you
Oh, I can't find you

**If it's the only way to be together
Then I might just
Just sleep
Asleep forever**

You sing to me, you sing to me
Lovely lullabies, that I will forget about
At break of day
At break of day

You are my dreams, you are my dreams
But if I'm scared, alone and awake in the dark
You will not be there
No, you will not be there

**If it's the only way to be together
Then I might just
Just sleep
Asleep forever (2x)**

Forever and ever...

ROW 17

I might seem obsessed but I'm not
Just overwhelmed by your presence
Your voice lets me trust my feelings
Your words make me understand myself

**And far, far away
I'm sitting here
But still I can feel
The warmth of your smile
Closer than those, than those in those golden seats
Sitting here in row, in row, in row 17**

I think that no one in this world
Couldn't love you but I'm sure
Nobody adores you like I do
No one can reach me as deeply as you

**And far, far away
I'm sitting here
But still I can feel
The warmth of your smile
Closer than those, than those in those golden seats
Sitting here in row, in row, in row 17**

**Closer than those, than those in those golden seats
Sitting here in row, in row, in row 17**

*My tears turned 17 to 1
And bought what could never be sold
Though I paid less, I got much more
Your warmth is more than gold than gold than gold than gold
Though I paid less, I got much more
Your warmth is more than gold than gold than gold than gold*

**And far, far away
I'm sitting here
But still I can feel
The warmth of your smile
Closer than those, than those in those golden seats
Sitting here in row, in row, in row 17**

**Closer than those, than those in those golden seats
Sitting here in row, in row, in row 17**

**Closer than those, than those in those golden seats
Sitting here in row, in row, in row 17**

SUPPOSED TO

In these
Words you've said
In these
Things you've done

**What am I supposed
To see, to feel
What am I supposed
To see, to feel**

In these
Paths we've walked
In these
Nights we've danced

**What am I supposed
To see, to feel
What am I supposed
To see, to feel**

*Whenever I leave
You'll not hold me back
Wherever I go
You'll not follow
Whatever I do
It will never be enough
Whoever I'll be
I'll never be the one you love*

In these
Games you've played
In these
Dreams you've dreamed

**What am I supposed
To see, to feel
What am I supposed
To see, to feel**

*So what am I, what am I
What am I supposed to see
So what am I, Yeah what am I
What am I supposed to feel
So what am I supposed to see, to see
What am I supposed to feel*

ADDICTED

Only when you go I see
How I would love
To be with you

Only when I have to release you
I do realize
How I would love to hold you

**Addicted to your love
Your love is my drug
Drugs are not allowed in here
In this world full of desire**

I hope someday
There will be
An "I love you"
Instead of a "goodbye"

I hope you'll say
I'm the one
Don't wanna be
Your number two or three

**Addicted to your love
Your love is my drug
Drugs are not allowed here
In this world full of desire**

*How can I miss something I never had
I want you to understand
Without my explanation*

*How can you be so blind and never see
That you're important to me
Addiction trippin'*

*It could be so easy
But it isn't
It could be so easy
But it isn't
It could be so easy
But it isn't*

**Addicted to your love
Your love is my drug
Drugs are not allowed here
In this world full of desire**
